Outgoing Domestic	\$15
Outgoing Foreign (Foreign Funds)	\$25
Outgoing Foreign (US Funds)	\$35

PROCESSING POLICIES

Posting Order

Generally we process transactions received by the end of the business day in the following order: deposits or credits first, then withdrawals or debits. Deposits or credits are transactions that increase the balance in your account. Withdrawals or debits are transactions that decrease the balance in your account. Transactions received after our business day cutoff times will be processed the next business day.

Generally, after we have processed all deposits to your account, we process withdrawals in the following categories and order:

- Electronic payment transactions and items such as purchases for cashier's checks, certificates of deposit or foreign currency;
- Debit card transactions (non ATM transactions);
- ATM withdrawals and checks cashed from your account at one of our branches;
- Transactions created by you through our BillPay system;
- Checks processed and received that day in check number order and;
- Miscellaneous adjustments

Please remember that it is common that when you write a check, that check may be converted to an electronic item by the person, store or bank receiving the item. If it is converted, that item will be presented to us for payment more quickly than if it had been processed as a check.

The posting order of deposits and withdrawals may change from time to time based upon regulatory requirements, technology or industry standards.

We recommend that at all times you maintain an accurate record of balances and transactions that you authorize for deposit or withdrawal from your account so sufficient funds are always available.

Funds Availability

Funds from some deposits may not be available for immediate withdrawal. Please refer to your Deposit Agreement for our Funds Availability Policy.

DISPUTE RESOLUTION

Please review your Deposit Agreement for information regarding Dispute Resolution. If you have any questions, please call or visit a branch location.

INTEREST INFORMATION FOR INTEREST BEARING ACCOUNTS

- Interest begins to accrue on the business day we receive credit for the deposit of non-cash items/collected balances.
- Interest is calculated using the daily balance method. This method applies a daily periodic rate to the principal balance in the account each day.
- Interest is compounded and credited monthly.
- Where noted on the rate sheet, the applicable minimum balance must be maintained each day to obtain the disclosed Annual Percentage Yield (APY).
- Interest rates and Annual Percentage Yields may change daily at our discretion. Current interest rates and APYs are shown on the rate sheet.
- Fees may reduce earnings.
- Interest accrued will be paid, without penalty, at account closing.

ADDITIONAL IMPORTANT INFORMATION

The words "you" and "your" refer to all persons named on the application for an account, on the account agreement/signature card for an account, on any checks or cards for an account, or who sign or use any checks or cards on an account. The words "we" and "us" refer to First National Bank of Omaha, FNBO, and FNBO Direct.

- ¹ Minor Savings is available to customers less than 18 years old. At age 18, Minor Savings will convert to Basic Savings.
- ² Requires a Free Checking or Access Debit Account relationship.
- ³ Requires a Premier Checking relationship.
- ⁴ Flex Savings allows you to lock the rate and Annual Percentage Yield on this account for 6 months. In order to receive this rate, a First National checking account is required. If the checking account is closed during the rate lock period, the Flex Savings rate may be lowered to the then applicable "Base Rate" as provided in the rate sheet. At the end of your 6-month rate lock period, the interest rate will change to the "Base Rate" as published on the Rate Sheet applicable at that time. You can request a new rate lock period at any time for an additional 6 months at the then applicable "Lock Rate". A penalty may apply for early closure of this account.
- ⁵ A minimum daily balance of \$1,000 is required in order to avoid the Monthly Maintenance Fee. If your end of business day account balance falls below the daily minimum in any day of the statement cycle, the Monthly Maintenance fee will be assessed at the end of the statement cycle.
- ⁶ Overdrafts may occur from automatic bill payments (ACH and recurring transactions) and other transactions using your account number.
- ⁷ Monthly Cycle is the range of dates we use to calculate the number of withdrawals on your account. The date range of your cycle period may cross months and not be aligned with the calendar month.
