FNBO Opens New Banking Location in Lenexa

Bank adding three locations this year to create network of 10 full-service branches in the area

(Lenexa, Kan. June 2, 2021) – First National Bank of Omaha (FNBO) will celebrate the opening of its new Sonoma Plaza location, 8820 Maurer Road, in Lenexa, with a ribbon cutting ceremony at 12:00 noon, on June 7, hosted by the Lenexa Chamber of Commerce. This will be the second of three new FNBO banking locations to open in Johnson County this year, said Sean Baker, executive vice president, Individual Customer Segment. The new locations will bring FNBO’s presence in the metro area to 10 branches.

“We’ve been part of the Johnson County community for nearly 30 years and we’re proud to expand our commitment to the area with our new location in Lenexa,” Baker said. The bank currently operates nearly 100 retail branch locations across its seven-state service area.

“FNBO’s branches remain an integral part of our service model, our identity and a competitive advantage in the communities we serve,” he said. “These new locations in Kansas incorporate our new design, which eliminates unused and inefficient space and represents a conscious shift from larger layouts originally designed for transactions to those that enable more advisory-style customer interactions.”

Baker said the changes came about by listening to customer feedback, recognizing that customers increasingly rely on FNBO’s digital banking tools to self-serve their transactional needs, and reaffirming the bank’s dedication to helping customers achieve financial wellbeing.

FNBO’s Blue Valley Parkway location, 7335 West 119th Street, in Overland Park, opened on May 10. College Square, 12260 College Blvd, also in Overland Park, is slated to open in August.

About First National Bank of Omaha

First National Bank of Omaha is a subsidiary of First National of Nebraska. First National of Nebraska and its affiliates have more than \$24 billion in assets and nearly 5,000 employee associates. Primary banking offices are located in Nebraska, Colorado, Illinois, Iowa, Kansas, South Dakota and Texas.
